Lead for 'Unlocking the curriculum' in Years 7 and 8
TLR 2.1 (£2 873)

Required from 27 June 2022

The governors of this high achieving 11-18 school are seeking to appoint a talented, highly motivated and outstanding teacher to lead the development and implementation of an exciting new addition to our Key Stage 3 curriculum. From September 2022, there will be one period per week allocated in both year 7 and year 8 to deliver a combination of **language and communication skills** and **cognitive strategies to consolidate learning**. However, the role is an evolving one and we are keen to work with the successful candidate to collaboratively shape and establish our plans for September.

The new role will undoubtedly contribute to the school's [five school aims](#) and as a result, help to secure 'Achievement for All'. This is an exciting opportunity to contribute to an inclusive and ambitious curriculum for all students across year 7 and 8 and to demonstrate a whole school impact by supporting all students to know and remember more in all subject areas.

In making the decision to create this post, we believe that the introduction of this new aspect of our curriculum has the potential to help all students to access the curriculum and also to support students in making sense of their own learning. The successful candidate will recognise the need to offer a vibrant, engaging and relevant curriculum that utilises the strengths of all subject areas, ensuring that students leave Haslingden High School and Sixth Form equipped for the challenges that will face them in their future learning opportunities.

Potential candidates are asked to submit a supporting letter of no more than 1 side outlining their suitability for the post and outlining their initial thoughts and ideas of how we can successfully implement this new addition to our curriculum.

Further details and an application form are available on our website: www.haslingdenhigh.com/vacancies

Closing date for applications is **Monday 27 June 2022** at **9.00 am**
