Dystopian Genre

Dystopia is opposite of utopia, and it means a society where everything is has gone horribly wrong. Dystopian novels are often set in the future and may also be Science Fiction. They usually are action-packed and they encourage you to think about what could happen in the future. The most well-known recent dystopian series is *The Hunger Games*, but this genre has a long and rich history which includes classics like *1984* (Orwell) and *Brave New World* (Huxley)
